

**A LIFELINE FOR FAMILIES,
CREATING OPPORTUNITIES & CELEBRATING DIFFERENCE**

AUTISM CHAMPION TRAINING

Our fun interactive workshops are managed & hosted by autistic individuals & parents of autistic children. We offer organisations & businesses of all shapes & sizes an opportunity to engage in continued professional development that will enhance the day to day consumer & retail experiences of thousands of autistic children, young people & adults. Each session can be tailored to suit your needs.

TESTIMONIAL

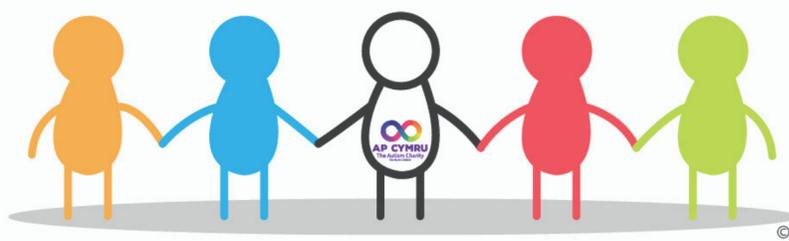

Steve Mogford - Cardiff Airport

Attended many of these workshops at Cardiff Airport & can categorically say that they are some of the best sessions I have been a part of. Training can become a tedious process but AP kept the mood light, the sessions interactive as well as very empowering & informative especially given the nature of the content which at times can become very personal and emotional.

Every session although held the same information was different which is a credit to the team.

Would highly recommend.

AUTISM CHAMPION TRAINING

We were so lucky that as part of a class topic on hidden disabilities, Karen and the AP team came into our school to do a whole school assembly and class Q & A session. This followed on from a truly informative AP training session for teaching staff. The children raised money for the charity by 'wearing their hair funny' for AP and various other related activities throughout the day. The AP team kindly donated gift vouchers, Badges and AP Teddy Bears. Also, the children and staff really enjoyed meeting Cwtch the bear and Kat and Donna did a really wonderful assembly on life with Autism. We were even more fortunate that one of the older children at the school, with a diagnosis of Aspergers, used the opportunity to raise awareness of his condition through a fantastic and informative presentation to his class (and Karen and Cwtch) - the children had so many questions to ask. I can not put into words how much the children and community benefited from this visit in which understanding of Autism was certainly heightened and everyone had so much fun!

**Thank you AP Cymru!

AUTISM CHAMPION TRAINING

Having attended a variety of different training sessions working for a large branded company I can honestly say that the training delivered by AP Cymru stands out as one of the best sessions myself and team have attended. The main and most significant difference being the training draws from the personal experiences and real life circumstances that these ladies live and work in. Their infectious personalities put you at ease immediately and I can honestly say my team have never come across so willing to participate in a training session before!! Very worthwhile and such a good cause to support!
